

# Beth Hart, Favorite Things

Laughin' till it pisses everybody off  
Pullin' up my dress at a dinner meeting  
Kissin' till my lips are ready to fall off  
Screamin' all night then just say I'm singin'  
Yeah these are some of my favorite things  
Gold butterflies & gum on a string  
Yeah these are some of my favorite things  
but doin' nothin' is my favorite one  
Cashin' in on the glory of my biggest mistakes  
fading in the grass basking in the sunlight  
Go & say to mama I'll just drive 98  
Hold her in my arms tell her I'll be alright  
Breath in faith & hope & a big fat cigarette  
Drowning in the wine having no regrets  
Yeah these are some of my favorite things  
Don't ask me why  
Gold butterflies & gum on a string  
Get me high  
Yeah these are some of my favorite things  
But doin' nothin' is my favorite one  
& It's not the life I thought it would be  
But I'll be alright  
I know I will be  
So long to circumstance  
Cashin' in on the glory  
of my biggest mistakes  
I'm fadin' now at last  
baskin' in sweet sunlight  
Yeah these are some of my favorite things  
Don't ask me why  
Gold butterflies & gum on a string  
Get me high  
Yeah these are some of my favorite things  
But loving you son, is my very favorite one
