

# Beth Hart, Is That Too Much To Ask

Wish me luck  
Give me somethin'  
Help me out  
And I'll go there...  
All I want is a brand new truck  
One eyed Jacks & beginner's luck  
The doctor's script for the perfect drug  
Get it all while I can  
But I got no money & I got no man  
I drive around in a beat up van  
I ride on coffee & Percodan  
Get it all while I can  
Is that too much to ask  
Is that too much to ask  
So people tell me to clean up my mess  
Like I was sweet sixteen in a dirty dress  
But I'm wiser now so I must confess  
That I get it all while I can  
Is that too much to ask  
Is that too much to ask  
Just make it real & make it last  
Someday maybe I'll understand  
this crazy old life is in my hands  
Someday maybe I'll figure it out  
Somebody help me  
Anybody tell me  
Wish me luck  
Give me somethin'  
Help me out  
And I'll go there  
Wish me luck  
Give me somethin'  
Just make it real & make it last
