

# Beth Hart, Lay Your Hands On Me

Hold me as long, as you can stand it  
Hold me as long, because I need it  
Hold me as long, until we make it  
Take your time, take your time

Hold me as long until you're, until you're better  
Hold me as long, I'll be your nature  
Yeah, hold me as long, we'll come together  
Don't be shy

[Chorus]  
I'm inviting you, I'm inviting you  
Lay your hands on me  
Run as fast as you can, run as fast as you can  
So lay your hands on me

Hold me as long, my body's shaking  
Hold me as long, I'm anticipating  
And hold me as long, your woman's waiting  
Yeah, don't be shy

[Chorus]  
I'm inviting you, I'm inviting you  
So lay your hands on me  
Run as fast as you can, run as fast as you can  
Just lay your hands on me

Hold me as long, your all I've ever wanted  
Yeah, hold me as long (long, long, long)

[Chorus]  
I'm inviting you, I'm inviting you  
So lay your hands on me  
Run as fast as you can, run as fast as you can  
Just lay your hands on me - just lay

Yeah, lay your hands on me  
Just lay your hands on me - just lay  
Just lay your hands on me

And dont be shy
