

# Beth Hart, Spiders In My Bed

what's that you say  
gonna sleep all day  
so tired, been wired  
you're so uptight  
got no sleep last night  
gone crazy, so lazy

you say, I've been awake so long  
my feet are 'bout to fumble  
I've been wake so long barely holding on  
I've been wake so long my knees begin to tremble  
and I like how I feel

don't turn out the light  
don't turn out the light

what's that you said  
spiders in your bed  
can't rest here  
desperate fear  
go get your gun  
smoke the little ones  
a cheap thrill, sleeping pill

you say, I've been wake so long  
my feet are bout to fumble  
I've been wake so long barely holding on  
I've been wake so long my knees begin to tremble  
and I like how I feel

spiders in my bed  
spiders in my bed  
yes, that's what I said  
spiders in my bed  
don't turn out the light
