

# Beth Hart, Stay

So suddenly it rolls by again  
Soft as a breeze & light as the wind  
don't say good-bye & don't dry these tears  
if I could fly we'd fly away from here  
So don't let go  
just come along now  
Just say so  
It won't be long now  
It's all right this ain't no lie  
It's right on time  
Petals of rose I touch your hair  
Heaven knows I love you here  
Beautiful smile covets the time  
I feel so fine I feel so fine  
On my way  
Come along &  
Stay  
When I was young just a little girl  
I'd sing to the sun & dream with the world  
Now I got a suitcase full of memories  
If I could show you  
maybe you'd stay with me  
So don't let go  
just come along now  
Just say  
so It won't be long now  
It's all right  
this ain't no lie  
it's Love Don't Die
