

# Beyoncé, Grown Woman

I remember being young and so brave  
I knew what I needed  
I was spending all my nights and days  
Laid back, daydreaming  
Look at me, I'm a big girl now  
Said I'm gonna do something  
Told the world imma paint this town  
Now bitches, I run this (Aah!)

Cause I put it  
Down like that (2x)  
And I'm making  
All these racks (2x)  
And I'm moving  
Round like that (2x)  
When I do it  
I don't look back (2x)

I'm a grown woman  
I can do whatever I want  
I'm a grown woman  
I can do whatever I want  
I could be bad if I want  
I could do wrong if I want  
I can live fast if I want  
I can go slow all night long  
I'm a grown woman  
I can do whatever I want

You know the way I walk  
Because I walk with a vengeance  
And they listen to me when I talk  
Cause I ain't pretending  
It took awhile now I understand  
Just where I'm going  
I know the woman, I know who I am  
It's about time I show it

Cause I put it  
Down like that (2x)  
And I'm making  
All these racks (2x)  
And I'm moving  
Round like that (2x)  
When I do it  
I don't look back (2x)

I'm a grown woman  
I can do whatever I want  
I'm a grown woman  
I can do whatever I want  
I could be bad if I want  
I can say what I want  
I can live fast if I want  
I can do whatever I want  
(Whatever it is!)

I'm a grown woman  
So I know how to ride it  
I'm a grown woman  
And I'm so erotic  
I'm a grown woman  
Look down, got you so excited  
I'm a grown woman

Look at my body  
It ain't no fun, if a girl can't have none  
You really wanna know how I got it like that  
Cause I got a cute face and my booty so fat  
Go girl!  
She got that bomb, that bomb  
That girl!  
Can get whatever she wants  
Go girl!  
She got that tight, that tight  
Them boys!  
They do whatever she like

I'm a grown woman  
I can do whatever I want  
(11x)

I'm a grown woman
