

Beyoncé, Satellites

Satellites, flashing by
Its a beautiful state were in
But how can we love in isolation
Think how happy we can be
When we just try
Were nothing like we seem
Passionate words are never spoken
You dont know how I bleed
When I leave your side
In your eyes, loves a life
Weve come untied
Cause were flashing by like satellites
Satellites
Take all the rules away
How can we live if we dont change
Were always on display
Lets run and hide
In our eyes, loves a life
Weve come untied
Cause were flashing by like satellites
Satellites
If we dont communicate
Well exist in our own space
Well have all the love we need
While were apart I cannot breathe
Satellites, flashing by
Satellites
