

Beyoncé, Virgo's Groove

Baby, come over (Baby, come over, ooh, yeah), baby, come over (Baby, come over)
Baby, come over (Baby, come over), come be alone with me tonight
All this emotion (All these emotions) is washing over me tonight
Ah

Right here, right now, I'm stuck, lay down
Baby, lock it, right now, I want it right here, right now
Fill it up, motorboat, motorboat (Shh), baby, spin around
So welcoming, I'm a glow, I want it right here, right now

There's nothing that I want as much as I want you
A psychich, hear me, told me we got shit to do
We ain't got time like we used to but we still shine like we used to do
No, we still grind like we used to and we cut ties when we need to
But I need more you on me and me on you, oh
I could be the one to take you there
I need more you to me on ecstasy, oh
On this magic ride, yeah, yeah, yeah, oh
Baby, you can hit this, don't be scared
Baby, you can hit this, don't be scared
It's only gonna get you high

Baby, come over, come be alone with me tonight
All these emotions is washing over me tonight
Oh

Right here, right now, I'm stuck, lay down
Baby, lock it, right now, I want it right here, right now
Fill it up, motorboat, motorboat (Shh), baby, spin around
So welcoming, I'm a glow, I want it right here, right now

Baby, come over
I can be the one to take you there
I can be the one that takes you there, uh, oh
On this magic ride, woo
Baby, come over
Baby, you can hit this, don't be scared
Baby, you can hit this, don't be scared
It's only gonna get you high
Baby, come over
Come and hold me through the night
Feel all those emotions (Ooh, ooh)
It should be how you feel inside
Baby, come over (Baby, come over), come be alone with me tonight
All this emotion (All these emotions) is washing over me tonight
Uh

Your hands, your hands so strong when they're grippin' on me, yeah
So, dance, all night long to the thrawl, baby, feel the beat, yeah
Don't you leave, yeah, me
Don't you leave
So use me (Use me), pursue me (Pursue me)
Kiss me when you bruise me (Bruise me), oh, uh, uh
Taste me (taste me), the fleshy buns
I scream so loud, I cuss myself

And I know it's you, (To touch somebody) touch me
(To love somebody) Love me
(To trust somebody) Do you trust me?
Go ahead and hurt somebody 'cause I can see the light in you
(Everybody want somebody) I want you
(Everybody has somebody) I got you
So come over and want my body 'cause
