

Bif Naked, Twitch

I got a boyfriend. he's a bad boy.
he is my favorite. he is my joy.
i got a boyfriend. "danger boy!"
he's got a girlfriend. she is my toy!
sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style.
he tells me i'm his one and only
i'm the only one making him smile.

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's feeling sad and lonely
i'm the only one driving him wild.

he really likes me. he likes my mom.
he buys me ice cream. he likes my song.
he has a nice car. i buy his gas.
but in the back seat, he moves too fast!

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style.
he tells me i'm his one and only
i'm the only one making him smile.

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's feeling sad and lonely
i'm the only one driving him wild.

i'm the only one driving him wild
i'm the only one driving him wild
i'm the only one... WAAA!!!

"my boyfriend's back and you're gonna be in trouble!"

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's really sad and lonely
i'm the only one...

sometimes he'll twitch for no reason,
it's just a twitch, and it's part of his style
when he's feeling sad and lonely
i'm the only one driving him wild

sometimes he'll twitch for no reason
(sometimes he'll twitch for no reason)
it's just a twitch, and it's part of his style
(he put your man down below)
he tells me i'm his one and only
(driving him, driving him, driving him)
driving him wild

sometimes he'll twitch for no reason
(sometimes he'll twitch for no reason)
it's just a twitch, and it's part of his style
(it's just a twitch, twitch, baby, twitch)
he tells me i'm his one and only
(baby, twitch, twitch, twitch cuz i'm driving you)
i'm the only one driving him wild

(driving him, driving him, driving him, driving him)
sometimes he'll twitch for no reason (no reason, no reason)
it's just a twitch, and it's part of his style

he tells me i'm his one and only
(i'm the only one, yeah, i'm the only one)
i'm the only one making him smile

sometimes he'll twitch for no reason (i'm the only, baby!)
it's just a twitch, and it's part of his style
(c'mon you gotta give it to me)
he tells me i'm his one and only
(c'mon you gotta give it to me)
i'm the only one making him smile
(give it to, it's part of his style, baby)

sometimes he'll twitch for no reason
(sometimes he'll twitch for no reason)
it's just a twitch, and it's part of his style
(part of his style)
when he's feeling sad and lonely...

Shake it, baby, shake it.
