

# Biffy Clyro, Less The Product

If you were happy, just to love I'll know

If you were happy, just to love I'll know  
If you love me again, I'll be the place that I hope I can't stay away  
It's easy to love, no way I'm feelin' I'm opening up again

If you were happy, just to love I'll know  
If you love me again, the same old feeling opening up again  
It's easy to love, the way I'm feeling I'm opening up

You're not the one who's bleeding, it's not that hard to be evil  
Evil is love and love is...  
Everyone must suffer to change, everyone must suffer to kill you (kill!)  
If you look into my heart, you will see the world I live in  
Soon now, all the answers become one  
In my heart, it's the world I'm thinking of  
Mind is still, heart is still, head is still, I am still, you are still:
