

# Biffy Clyro, Stars and ahites

Id like to be a soldier of war over the sea to you my dear  
You always stared at me blankly we said wed always care my dear  
Im your soldier youre my soldier  
Im your soldier youre my soldier  
Id like to see the pain in your eyes like me  
Id like to be a soldier of war over the sea near you my dear  
You always stared at me blankly we said wed always care my dear  
Id like to be a soldier of war over the sea near you my dear  
You always stared at me blankly we said wed always care my dear  
Now the stars dont shine and the birds dont sing anymore  
Its not the same  
Now the stars dont shine and the birds dont sing anymore  
Its not the same  
These are small victories  
These are small victories
