

Big Bang, Make Love

Forever you're my girl
Naegen neo ppuningeol
I never knew I'd find a love so true
This one right here, is just for you
Remember that One day
I held your hands then I kissed your lips then I told you
Our love was meant to be and always will forever
Give me that happiness I get from you just being there
I always see you when I close my eyes, you're on my mind
So can't you see, I need you right here wit me, close by my side
This time for sure, Gonna let you know, My love is straight from the heart
Chorus

Forever you're my girl Forever be my world
You are the only one
The only one I'll ever need, my life is you and me
Forever you're my girl Forever be my world
You are the only one
I'll never break your heart "no", so baby don't let go
Even through the hard times
We made it through just fine
When it hurt we put in the work
To show that I'm yours
And that your mine
That's how we got this far
Let's never be apart
Girl, you're my queen

You always make me feel like everything's gonna be alright
Wit the things you do, becuz it's you the real true love of my life
