[Laughs]

So let me tell ya bout a player I know

6 foot 4

Suit 25

He's all the way live

See where I come from

We like em like that

He don't talk smack

He just twist caps off

See that's the only kinda dude I'm demandin'

And let the girl like me understand it

And the ones that ain't

They still gotta have it

They don't know why

But they chained to

I need a hood boy

Wifebeaters and chains

Always in the trap

And he looks so mean

I need a hood boy

Go'on head pretty

We don't like them there

Need somethin' realer

I need a hood boy

Hot boys rock boys

Street boys B-boys

Man I love them boys

Go on say

Looooooooove

He knows how to treat a lady

But he won't let you get too rowdy

He stands up for himself

That's what I like most about him

He's all I see and all I need

And all that I want

And all that I'm used to

I swear that my man's the truth

I said I swear that my man's the truth

I need a hood boy

Wifebeaters and chains

Always in the trap

And he looks so mean

I need a hood boy

Go'on head pretty

We don't like them there

Need somethin' realer

I need a hood boy

Hot boys rock boys

Street boys B-boys

Man I love them boys

Go on say

I need a hood boy
Wifebeaters and chains
Always in the trap
And he looks so mean
I need a hood boy
Go'on head pretty
We don't like them there
Need somethin' realer
I need a hood boy
Hot boys rock boys
Street boys B-boys
Man I love them boys

Looooooooooooove
Yeah yeah yeah
Looooooooooooove

[Big boi]
B a double d
Why say bye
Been fly
Ever since a nigga started sayin' bye
That's right stand by
Cause we about to take flight
Not a 747
But the music and the mic
Rophone
Phone home
If you want someone waitin' baby
Go on home
Don't wanna jeopardize your safety
Maybe later
We shake the haters and gets busy
You say you wanna do same thing
Then get wit me
If not then hit me
I know you know the history
Last nigga ridin' round lookin' real crispy
Ridin' round town, top down
On the grizzy
Grind all the time to stay hot
Or either sizzlin'
I thought I told ya niggas
We run stop signs
Cause we don't stop
Till the cops come knockin'
For two block signs
Not mine
Toine gone right
Like sunshine and cold north through summertime
Now bow down

I need a hood boy
Wifebeaters and chains
Always in the trap
And he looks so mean
I need a hood boy
Go'on head pretty
We don't like them there
Need somethin' realer
I need a hood boy
Hot boys rock boys
Street boys B-boys
Man I love them boys

Loooove
Yeah yeah
Looooove
Hey hey shortie wanna rock with you
Shortie wanna rock with you
Wanna bop with you
I wanna ride with you
