

Big Head Todd And The Monsters, Tower

I want to be your Saturday, your sunrise,
in an empty space
Keep you to your lazy ways, dream late
A love affair, an end too soon, swept away,
and left unused
I want to see, if you're amused
Or alive
Walkin' 'round the tower of love
Stuck on the ground
I can't climb up
Seems like every time I look up
Rain's comin' down
Storm clouds above

I want to sleep beside you now,
and leave behind the world without
Deep inside and there's none to count
or untie
I want to be the one you break, and take you
to the higher place
Just believe and I can make you fly

Walkin' 'round the tower of love
stuck on the ground
I can't climb up
Seems like every time I look up
Rain's comin' down
Storm clouds above

What is done can keep you down, and only love
can turn around
And yesterday won't make a sound as you climb
