Big Head Todd And The Monsters, Tower

I want to be your Saturday, your sunrise, in an empty space
Keep you to your lazy ways, dream late
A love affair, an end too soon, swept away, and left unused
I want to see, if you're amused
Or alive
Walkin' 'round the tower of love
Stuck on the ground
I can't climb up
Seems like every time I look up
Rain's comin' down
Storm clouds above

I want to sleep beside you now, and leave behind the world without Deep inside and there's none to count or untie I want to be the one you break, and take you to the higher place Just believe and I can make you fly

Walkin' 'round the tower of love stuck on the ground I can't climb up Seems like every time I look up Rain's comin' down Storm clouds above

What is done can keep you down, and only love can turn around And yesterday won't make a sound as you climb
