Big In Japan, Big In Japan

Winters cityside

Crystal bits of snowflakes all around my head and in the wind I had no illusions

That Id ever find a glimps of summers heatwaves in your eyes You did what you did to me, now its history I see

Heres my comeback on the road again

Things will happen while they can

I will wait here for my man tonight, its easy when your big in japan

When your big in japan, tonight

Big in japan, be tight, big in japan where the eastern seas so blue Big in japan, alright, pay, then III sleep by your side Things are easy when youre big in japan, when youre big in japan

Neon on my naked skin
Passing silhouettes of strange illuminated mannequins
Shall I stay here at the zoo
Or shall I go and change my point of view for other ugly scenes
You did what you did to me, now its history I see...
Things will happen while they can
I will wait here for my man tonight, its easy when youre big in japan
