

# Big Punisher, Mama

(feat. Tony Sunshine)

[Chorus: Tony Sunshine]

Mamma.. I don't understand  
Why he had to fuck with me, now I gotta kill this man  
I said mamma.. now I'm on the run  
Dear ma-mmahhhhhh.. what have I done?

[Big Pun]

Somebody save me, I think I just killed somebody baby  
Shoulda chilled but money was really tryin to play me  
Couldn't hold it no more so I showed him the four  
Duke was dissin my girl like she was hoein on tour  
And knowin I'm raw, money tried to play fly  
"I said whassup to the bitch; why she couldn't say hi?"  
That ain't right! I had to put him in his place  
Remember them hollows I bought for three bottles?  
I put 'em in his face  
I didn't have to disgrace myself, hatin myself  
"Ahora a tu!" BLAM BLAM, brace yo'self  
That's the law - the streets are like basketball  
but sometimes you shoot, sometimes you pass it off  
Can't always take a shot, make one mistake you upstate for what?  
Too much hate, time to break the lock  
I hate the cops so I ain't tryin to see 'em  
I love a brother doin triple life but I ain't tryin to be him  
That's why I be on the low, and keep my feet in the row  
Cause they're tellin me as far as felonies  
you get life for three in a row  
Then whadday'know? Last week at the flicks  
I had to kill somebody, for steppin on my kicks (STUPID)

[Chorus]

[Big Pun]

I can murder half the world laugh while the other side hate me  
but hurt one hair on my mamma head and I'ma, cry like a baby  
She my heart and soul; what Jimi Hendrix was to rock'n'roll  
Made me believe I could achieve the impossible  
Now you know one of my weakness's, but Punisher keeps it glizz  
So don't pull out cause when I pop oh what a relief it is  
Send you where Jesus is - hold up, that's the gas chamber  
Think before you put on that ski-mask and blast a stranger  
Relax the anger, don't be so hard on yourself  
That's how you'll end up twelve years old;  
bein charged as an adult  
Terror Squad is here to help so you can learn from our mistakes  
Cause power just makes you reject destiny and devour your fate  
How many hours I waste, tryin to figure the shit  
Until I finally realized, we're just niggaz and spics  
That's what they feel, what can I do but just stay real?  
Keep somethin in the stash in case I gotta make bail  
Cause ain't no brothers, runnin shit in the system  
You goin straight to jail if you colored and fit the description  
.. fuck you talkin about? I live here  
This is my buildin nigga; fuck you nigga!  
That's my daughter right there playin.. fuck off me!  
Get the fuck off!

[Chorus]

[Big Pun]

I don't have much time so I'm only gonna ask you once  
to please forgive me mamma; I love you and I'm sorry I broke your heart

But I ask you to do me a favor and take care of my daughters  
and raise them to be good respectable woman, like their mother  
God bless her soul  
And raise my son to be a good man, a better man than me  
And for this I give you my soul, I love you

[Chorus - whispered; a woman cries out in agony]

[Tony Sunshine]

Heyyyy ma-ma-ma-mma..

I just killed a man..

Ma-mmaaaa.. what am I to do?
