

# Big Sugar, Deliver Me

(D. Wall/G. Johnson)

Somebody, somebody  
Somebody deliver me

My head is all in a quandary, baby  
Because you happen to say  
That you're undecided, baby  
You got to wait on Judgement Day

Somebody, somebody  
Somebody deliver me

Somebody's done all my laundry, baby  
Who would that happen to be?  
I don't know why you do it, baby  
Yesterday, you didn't want me

Somebody, somebody  
Somebody deliver me

You got me waiting  
To open awhile  
You're hesitating  
Why drag it out?  
Why don't you go on

Here we go...

I'll get over  
Why don't ya come on over?  
I'll be waiting  
Come on over
