

Big Time Rush, Love Me Love Me

Jaw drop, hearts stops, we eye lock
I must be dreamin', don't hit the alarm clock
Under the light, comin' alive, she's ??thriller?? tonight
One dance ? two dance ? is not enough
You got the glow in the dark, so I'm not giving up
I'm reading your mind
You know I'm a psychic
Why you tryin' to hide it, hide it?

Chorus:

Love me, love me, say gonna love me
I know you're ready to go
Love me, love me, say gonna love me
Don't leave me out on the floor
I'm saying whoa, don't tell me ?no?
Love me, love me, say gonna love me
I ?I ?I'm ready to go
I'm ready to go
Love me, love me
Love me, love me
Love me, love me

Can't stop, won't stop, we party rock
You got them red velvet lips, sweet like Betty Crocker
So call the doctor
?Cause someone needs to take your temperature, you're getting hotter
Under the light, comin' alive, she's thrilla tonight
I'm reading your mind
You know I'm a psychic
Why you tryin' to hide it, hide it?
?Cause when I rock, you roll
You're losing control
And if you got that feeling
Throw your hands up in the air

Chorus:

Love me, love me, say gonna love me
I know you're ready to go
Love me, love me, say gonna love me
Don't leave me out on the floor
I'm saying whoa, don't tell me ?no?
Love me, love me, say gonna love me
I ?I ?I'm ready to go
I'm ready to go
Love me, love me
Love me, love me

You be Juliet, I'll be Romeo
Whatcha? wating for, you know u wanna go go go
Don't say goodbye, ?cause we just said hello
Say you're gonna love me girl, ?cause I need to know

Chorus:

Love me, love me, say gonna love me
I know you're ready to go
Love me, love me, say gonna love me
Don't leave me out on the floor
I'm saying whoa, don't tell me ?no?
Love me, love me, say gonna love me
I ?I ?I'm ready to go
I'm ready to go
Love me, love me
Love me, love me
Love me, love me

I?m ready to go
