

# Bilal, Sometimes

[Intro]

This is a song that makes me spill out all my guts

Sometimes

Sometimes, I wish I wasn't me

Sometimes, I wish I was drug free

Sometimes, wish I saw the exit sign first

Sometimes, wish I knew the truth without search

Sometimes, I wish I could go where I never been

See what I never saw, do what I never did

Or walk before I could crawl

Sometimes, I wish my eyes wasn't so red

Sometimes, I wish I had breakfast in bed

Sometimes, I mean it's worth it

Since I did all the work last night

Sometimes, you ain't good to me, yes

I am good to you

And you don't see my attention the way that I do

Sometimes, hey slim, you should be nicer than you are

Sometimes, you take that complaining shit way too far

I mean, I thought it was cute in the beginning but now

I think you only do it cuz you know I hate it

Sometimes, you got me wishing I didn't have home training

Sometimes, then it wouldn't hurt me so bad

With dreams of knocking you in your head

Then it wouldn't hurt me so bad

With our kitchen knife put up your ass

Sometimes, wish I knew life with no pain, yeah

Wish I held the keys to this game

Sometimes, I pretend cuz I'm afraid to be, afraid to be

Sometimes, I hope I live to see twenty five

Sometimes, I wish I could be like Moses

Round up my people, move out the ghetto

And live a better life

Sometimes, I wish I didn't try so hard

Sometimes, who knows truth any way

They don't know nothing, who needs that approval

The sun in your hands player

Move at your own pace, listen to your own mind

Do your own thing, yeah yeah

I'm saying it because I love ya

And I wanna grow with you, yeah yeah

But you wanna run in the other direction

So I got to stay on my path until I win

I win, I win, I win

I wanna win, I wanna win, I wanna win, I wanna win

Oh sometimes, sing it with me I wish

(I wish in love) And I wish, oh I wish

(I wish in peace) Oh sometimes

(I wish in hope) I wish hope

(I wish true) I wish true

(I wish clearly) Hey I wish so clearly sometimes

(Wish with no fear) I wish with no fear

(I have no fear) I have no fear

(Have no doubt) I have no doubt

(I don't doubt) I don't doubt

(Have no doubt) No, I don't doubt

(Have no doubt, I wish love)

I wish love, hey hey

[Ad lib until fade]
