

Bill Anderson, I'm Happily Married

(Bill Anderson)

Appreciate ye callin' me Charlie
Invitin' me to go out tonight with you and the boys
Drink one for me won't ye Charlie
Flirt with all the girls and make lotsa noise.

Live it up like we used to do
We sure had fun together in the good ol' days
But I'm happily married
And plan on staying that way.

I'm happily married Charlie
You remember the good lookin' girl from Louieville
We've got a place in the country
Green grass, fresh clean air and the rolling hills.

I don't go out much anymore
Only place is back and forth to work every day
I'm happily married
And plan on staying that way.

I'm happily married
And plan on staying that way
I found what I want
And I ain't gonna let it get away.

I appreciate you invitin' me
To come out and play
But I'm happily married
And plan on staying that way.

--- Instrumental ---

Drop around some time Charlie
You know how much we both'd like to see you again
Give my best to all of the guys
And tell 'em I'll be there tonight in spirit with them.

They might laugh and call me square
But ain't a one of them that wouldn't trade places with me
'Cause I'm happily married
And plan on staying that way.

I'm happily married
And plan on staying that way
I found what I want
And I ain't gonna let it get away.

I appreciate you invitin' me
To come out and play
But I'm happily married
And plan on staying that way.

I'm happily married
And plan on staying that way...
