Bill Anderson, Still

(Still) though you broke my heart (Still) though we're far apart I love you still (Still) after all this time (Still) you're still on my mind I love you still

I've lost count of the hours and I've lost track of the days In fact, I've lost just about everything Since you went away Everything, that is, except the memories you left me And that's one thing that no one can mar

I don't know who you're with
I don't even know where you've gone
My only hope is that some day you might hear this song
And you'll know that I wrote it especially for you
And I love you, wherever you are

(Still) after all this time (Still) you're still on my mind I love you still

This flame in my heart is like an eternal fire For every day it burns hotter And every day it burns higher And I haven't been able to put out one little flicker Not even with all of these tears

My friends think I'm crazy and maybe I am
But I'll carry this torch just as long as I can
for some day, you might just decide to come home
and I want you to know
I'm still here

(Still) though you broke my heart (Still) though we're far apart I love you still
