[Note - The lines marked * only appear in Chris Ballew's original demo, and were spliced out for the

I'm movin' to the country
Gonna eat a lot of farm food
I'm movin' to the country
Gonna eat me a lot of farm food
I'm movin' to the country
Gonna eat a lot of farm food
I'm movin' to the country
Gonna eat a lot of farm food

Farm food's grown with a plan
Raised and planted by humans
Riding tractors around
And no matter where I might stay
I'll eat farm food every day
Get it down at the grocery

Movin' to the country
Gonna raise a lot of farm food
I'm movin' to the country
Gonna raise a lot of farm food
* Movin' to the country
* Gonna raise a lot of farm food
* Movin' to the country
* Gonna raise a lot of farm food

* I took a little sap from a maple tree
* Raised some chickens to fricasee
* And dreamed about "Green Acres"
* I pushed my basket down the aisle
* The supermarket stretched for a country mile
* Nature's bounty for a soup, casserole or a pie

Yeah yeah
(Yeah yeah)
(Yeah yeah)

Bushels of farm food
Farm food for me
Acres of farm food
Farm food you see
Truckloads of farm food
Farm food for me
Millions of farm foods
Farm foods you see
Oh look out!

Bushels of farm food
Farm food for me
Acres of farm food
Farm food you see
Truckloads of farm food
Farm food for me
Millions of farm foods
Farm foods you see
Look out!
