

Billie Eilish, Goodbye

[Intro]

Please, please
Don't leave me be

[Verse]

It's not true
Take me to the rooftop
Told you not to worry
What do you want from me?
Don't ask questions
Wait a minute
Don't you know I'm no good for you?
Baby, I don't feel so good
All the good girls go to Hell
Bite my tongue, bide my time
What is it about them?
I'm the bad guy
