

# Billie Eilish, ilomilo (Live From The Film – Billie Eilish: The World's A Little Blurry)

Told you not to worry  
But maybe that's a lie  
Honey, what's your hurry?  
Won't you stay inside?  
Remember not to get too close to stars  
They're never gonna give you love like ours

Where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
So show me the way home  
I can't lose another life

Hurry, I'm worried

The world's a little blurry  
Or maybe it's my eyes  
The friends I've had to bury  
They keep me up at night  
Said I couldn't love someone  
'Cause I might break  
If you're gonna die, not by mistake

So, where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
So tell me you'll come home  
Even if it's just a lie

I tried not to upset you  
Let you rescue me the day I met you  
I just wanted to protect you  
But now I'll never get to

Hurry, I'm worried

Where did you go?  
I should know, but it's cold  
And I don't wanna be lonely  
Was hoping you'd come home  
I don't care if it's a lie
