

Billie Eilish, Lost Cause

[Intro]

Something's in the

[Verse 1]

Something's in the air right now
Like I'm losing track of time (Time, time)
Like I don't really care right now, but maybe that's fine
You weren't even there that day
I was waitin' on you (You)
I wondered if you aware that day was the last straw for me
And I know I sent you flowers
Did you even care?
You ran the shower and left them by the stairs
Ooh-ooh-ooh, ayy-ayy-ayy, oh-oh

[Chorus]

Thought you had your shit together
But damn, I was wrong
You ain't nothing but a lost cause
And this ain't nothing like it once was
I know you think you're such an outlaw
But you got no job
You ain't nothing but a lost cause
And this ain't nothing like it once was
I know you think you're such an outlaw
But you got no job

[Verse 2]

I used to think you were shy
Or maybe you just had nothing on your mind
Maybe you were thinkin' 'bout yourself all the time
I used to wish you were mine
But that was way before I realized
Someone like you would always be so easy to find
So easy (So easy)

[Bridge]

Gave me no flowers
Wish I didn't care
You'd been gone for hours
Could be anywhere
I thought you would've grown eventually
But you proved me wrong

[Chorus]

You ain't nothing but a lost cause
And this ain't nothing like it once was
I know you think you're such an outlaw
But you got no job
You ain't nothing but a lost cause
And this ain't nothing like it once was
I know you think you're such an outlaw
But you got no job

[Outro]

What did I tell you?
Don't get complacent
It's time to face it now
What did I tell you?
Don't get complacent
It's time to face it now
