

# Billy Burnette, Whatcha Gonna Do When The Sun

Written by Billy Burnette and Mentor Williams.

Whatcha gonna do when the sun  
goes down  
Hop in my back seat way out of town  
I know a place we can't be found  
Whatcha gonna do when the sun  
goes down

I've been savin' my favorite shirt  
Savin' it up for a Friday night  
This time I'm gonna make it work  
Gonna make it work with all my might

So whatcha gonna do when the sun  
goes down  
Hop in my back seat way out of town  
I know a place we can't be found  
Whatcha gonna do when the sun  
goes down

Waxin' up my shiny car  
Getting' ready for the weekend  
Top down we can see the stars  
Blowin' that summer wind

Whatcha gonna do when the sun  
goes down  
Hop in my back seat way out of town  
I know a place we can't be found  
Whatcha gonna do when the sun  
goes down

Let's hide away and let the feelin' in  
I wanna hear you say you love me  
once again  
Let's hide away and let the night begin  
Oh-watcha gonna do when the sun  
goes down  
Hop in my back seat way out of town  
I know a place we can't be found  
Whatcha gonna do when the sun  
goes down
