## Billy Joel, All About Soul (Remix)

she waits for me at night she waits for me in silence she gives me all her tenderness and takes away my pain and so far she hasn't run though i swear she's had her moments she still believes in miracles while others cry in vain it's all about soul it's all about faith and a deeper devotion it's all about soul 'cause under the love is a stronger emotion she's got to be strong 'cause so many things getting out of control should drive her away so why does she stay it's all about soul she turns to me sometimes and she asks me what i'm dreaming and i realize i must have gone a million miles away and i ask her how she knew to reach out for me at that moment and she smiles because it's understood there are no words to say it's all about soul it's all about knowing what someone is feeling the woman's got soul the power of love and the power of healing this life isn't fair it's gonna get dark it's gonna get cold you've got to get tough, but that ain't enough it's all about soul there are people who have lost every trace of human kindness there are many who have fallen there are some who still survive she comes to me at night and she tells me her desires and she gives me all the love i need to keep my faith alive it's all about soul it's all about joy that comes out of sorrow it's all about soul who's standing now and who's standing tomorrow you've got to be hard hard as the rock in that old rock 'n' roll but that's only part, you know in your heart it's all about soul
