

Billy Talent, M & M

You came to me like my alarm
I carved your first and last name in my arm
Now I only wear black so maybe then you will see
I'm just a shadow of what I am supposed to be

You fuel my fire with your laughs and with your frowns
You call me a freak and join the circus you clown
I heard a man say that I do it for attention
I never thought of that but now that you mention...

No I never drank blood before but I look like I might
With my face painted white

For just this once I wish you'd all just hear what I have to say
For just this once I wish you'd all just turn and fade away

But now-a-day's are different from way back when
so hard to be yourself when your 4+10
For the very first time I feel kind of special

My mom says "be normal" yet she just got a facial

When my parents go away on their trip to Club Med
Then I'll join your tour and be a real dead head
I heard a girl say that I do it for attention
I never thought of that but now that you mention...

I spent my last ten bucks today on black hair dye
You know dye rhymes with die!

For just this once I wish you'd all just turn and fade away
For just this once I wish you'd all just hear what I have to say

Hear what I have to say

A psycho killer
Well qu'est ce que c'est?
It doesn't matter any way
It matters anyway
