Billy Talent, M & M

You came to me like my alarm I carved your first and last name in my arm Now I only wear black so maybe then you will see I'm just a shadow of what I am supposed to be

You fuel my fire with your laughs and with your frowns You call me a freak and join the circus you clown I heard a man say that I do it for attention I never thought of that but now that you mention...

No I never drank blood before but I look like I might With my face painted white

For just this once I wish you'd all just hear what I have to say For just this once I wish you'd all just turn and fade away

But now-a-day's are different from way back when so hard to be yourself when your 4+10 For the very first time I feel kind of special

My mom says "be normal" yet she just got a facial

When my parents go away on their trip to Club Med Then I'll join your tour and be a real dead head I heard a girl say that I do it for attention I never thought of that but now that you mention...

I spent my last ten bucks today on black hair dye You know dye rhymes with die!

For just this once I wish you'd all just turn and fade away For just this once I wish you'd all just hear what I have to say

Hear what I have to say

A psycho killer Well qu'est ce que c'est? It doesn't matter any way It matters anyway
