## Birdy, Beating Heart

There's a beating in your heart That takes you everywhere Will take you anywhere You've been reaching in the dark Like there's no one there You think there's no one there

You've been trying too hard trying to start It takes time, don't lose yourself Don't keep fighting your heart, stay as you are Don't change for anyone else

Say it strong, lay it all on me You don't have to be Afraid of what you think you're not, you'll see Say it wrong, let the words run free I know what you mean And you'll find someone who loves you just as much as me

There's a beating in your heart That takes you everywhere Can take you anywhere You're afraid of coming last You see it everywhere You think you'll never get there

You've been trying too hard, trying to start It takes time, don't lose yourself Don't keep fighting your heart, stay as you are Don't change for anyone else

Say it strong, lay it all on me You don't have to be Afraid of what you think you're not, you'll see Say it wrong, let the words run free I know what you mean And you'll find someone who loves you just as much as me

Lay your head on my knees You can confide in me Close your eyes and be free

Say it strong, lay it all on me You don't have to be Afraid of what you think you're not, you'll see Say it wrong, let the words run free I know what you mean And you'll find someone who loves you just as much as me
