

Birdy, Light Me Up

Finding my heart
Using my hands
You're my feet on the ground
My footprints
From where I began
I must've carried the love
I feel the love

Our time is torn and we don't need it no more
Wherever we are I'm yours always
It flows in my blood
I still carry the love
I feel the love

We start running running
We skip this town
We don't know where we going till we turn up
Now keep on running running
that fills my blood
and if I lose myself no more

Keep my eyes shut
Safe in your trust
Your all that I need
My senses
Shinning on me
I still carry my love
I feel the love

We start running running
We skip this town
We don't know where we going till we turn up
Now keep on running running
that fills my blood
and if I lose myself no more

You light me up
When all I see is dust
You light me up
When I'm down
And if I fall apart
You know where to find my pieces
One day I'll be found
You light me up
when all I see is dust
you light me up
when I'm down
And if I fall apart
You know where to find my pieces
One day I'll be found

I'm finding my heart
Using my hand
Your my feet on the ground
My footprints
From where I began I must've carried your love
I feel the love

We start running running
We skip this town
We don't know where we going till we turn up
Now keep on running running
it fills my blood
and if I lose myself no more

You light me up
When all I see is dust
You light me up
When I?m down
And if I fall apart
You know where to find my pieces
And one day I?ll be found
You light me up
when all I see is dust
you light me up
when I?m down
And if I fall apart
You know where to find my pieces
And one day I?ll be found
You light me up
when all I see is dust
You light me up
When I?m down
And if I fall apart
You know where to find my pieces
And one day I?ll be found

I?m finding my heart
Using my hands
You?re my feet on the ground
My footprints
It flows in my blood
I still carry the love
I feel the love
