

# Birdy, Terrible Love

It's a terrible love and I'm walking with spiders  
It's a terrible love and I'm walkin' in  
It's a terrible love and I'm walking with spiders  
It's a terrible love and I'm walkin' in  
its quiet company, its quiet companyj

And I can't fall asleep without a little help  
It takes a while to settle down  
My shivered bones  
Until the panic sets

It takes an ocean not to break (4x)

Company  
Its quiet company  
Its quiet company

But I won't  
follow you into the rabbit hole  
I said I would  
but then I saw  
your shivered bones  
They didn't want me to

It's a terrible love and I'm walking with spiders  
It's a terrible love and I'm walkin' in  
It's a terrible love and I'm walking with spiders  
It's a terrible love and I'm walkin' in

It takes an ocean not to break (4x)
