

Bishop Briggs, HIGHER

Higher
Your love has set me free
Now nothing's out of reach
Higher
Higher

I run through the days into the night
I feel my heart is going rogue here
But I kinda love it

You run your mouth
I ran a mile
I've heard it all
Now you don't want me
Well I am done I promise

I will go
Screaming out my pain
Into the night
Do what I like
I lose control
Shave my head
And dance with girls like you
It gets me higher
You get me higher

Higher
Your love has set me free
Now nothing's out of reach
Higher
Higher
I am stronger now
I am free!
