

# Bjork, I Go Humble

I go humble  
You're so curiously pure  
Only before you I'm humble

I go humble  
You amaze me  
Only before you I go humble

I should be arrested  
For my emotional stance  
Only before you I go humble

I'm queen of provocation  
I wake people up  
Only before you I go humble

I go humble  
I adore you  
Only before you I go humble

I should be arrested  
For my emotional stance  
Only before you I go humble
