

Bjork, Our Hands

Look no further
Look no further
Look no further

Cruelest almost
Always to ourselves
It mustn't get any better off

It's in our hands
it always was
it's in our hands
In our hands
it's all there
In our hands
it's all there
In our hands

Well, now aren't we scaring ourselves
unnecessarily
Aren't we trying too hard

'Cause it's in our hands
It's in our hands
It's all there
It's in our hands

Look no further
Look no further
It's in our hands
It always was
It's in our hands
It's in our hands
It's in our hands
It's in our hands
