

# Bjork, Scary

He means tomorrow but says: "In a bit"  
And doesn't show up at all  
He sets his watch to a comet's orbit  
Remembers to forget to call

No courage for love  
Too scared to be happy  
No courage for love  
Too scared to be happy

I do.... do  
I do.... do

"Your place or mine" means "heaven or hell"  
Two addresses somewhat apart  
His home's dark and spiky, her's clear as a bell  
It's over before they can start

No courage for love  
Too scared to be happy  
No courage for love  
Too scared to be happy

I do.... don't  
I do.... don't

And tomorrow passed them by X4

La, la, la, la, la ....
