

Bjork, Scary

He means tomorrow but says: "In a bit"
And doesn't show up at all
He sets his watch to a comet's orbit
Remembers to forget to call

No courage for love
Too scared to be happy
No courage for love
Too scared to be happy

I do.... do
I do.... do

"Your place or mine" means "heaven or hell";
Two addresses somewhat apart
His home's dark and spiky, her's clear as a bell
It's over before they can start

No courage for love
Too scared to be happy
No courage for love
Too scared to be happy

I do.... don't
I do.... don't

And tomorrow passed them by X4

La, la, la, la, la
