

Bjork, Sweet Intuition

Close your eyes
Listen closely
All that you've learnt
Try to forget it

Fuck logic, fuck logic
Bravo to instinct
And sweet intuition

(Icelandic)

What makes you tick
Trust your senses
All that you've learnt
Try to forget it

Believe in believing
Believe in instinct
And sweet intuition, honey

(Icelandic)

And inside
We're all still wet
Longing and yearning
Repeat after me

Fuck logic, fuck logic
Bravo to instinct
And sweet intuition
Sweet intuition
Sweet intuition, honey
Sweet intuition
Sweet intuition, honey

(Icelandic)

Sweet intuition
Sweet intuition
Sweet intuition
Sweet intuition
