Black Buddafly, If You Want It

You're my baby, yes my baby, treat a lady like she wants you to And let your lady treat my baby, like my baby, like she know I got love for you You're my baby, yes my baby, treat a lady like she wants you to And let your lady treat my baby, like my baby, like she know I got love for you Boy I know you got love for me, and I know you really wanna be, A part of me, why don't you come over here and talk to me, Boy I know you got love for me, and I know you really wanna be, A part of me, why don't you come over here and talk to me Baby I can be your girl if you want it, I got what you need if you want it Twenty five to life if you want it, If you really really want it I'll be on your mind if you want it, Step into my life if you want it I'll open up your eyes if you want it, If you really really want it You're my baby, yes my baby, treat a lady like she wants you to And let your lady treat my baby, like my baby, like she know I got love for you You're my baby, yes my baby, treat a lady like she wants you to And let your lady treat my baby, like my baby, like she know I got love for you Boy I know you got love for me, and I know you really wanna be, A part of me, why don't you come over here and talk to me, Boy I know you got love for me, and I know you really wanna be, A part of me, why don't you come over here and talk to me Baby I can be your girl if you want it, I got what you need if you want it Twenty five to life if you want it, If you really really want it I'll be on your mind if you want it, Step into my life if you want it I'll open up your eyes if you want it, If you really really want it This is a thug living, a thug taking, a thug giving, and a thug spittin his game without the bullshit And I stand to love hugs, back rubs and hella kisses, I'm wishin you was my mrs, admitting you qui Way more than washin dishes, when it come to my grill, the more you flip, the more I flip, that make You ain't my hoe, you my partner, and you know what I mean, I ain't you're hoe, I'm your partner ar And if we ride then we ride, I'm wid you on the team, and if a player try to hate it then you mack wide Can you pimp that Baby I can be your girl if you want it, I got what you need if you want it Twenty five to life if you want it, If you really really want it

I'll be on your mind if you want it, Step into my life if you want it I'll open up your eyes if you want it, If you really really want it [repeat]
