

# Black Cards, End Of Pretend (feat. Matthew Kom

It's just a kiss with the force of a fist  
And I just wanted your heart to know  
Our love is leaving you pistol whipped  
And our heat kicks your teeth down your throat.

Maybe it's the end, baby, it's the end.  
Maybe it's the end of pretend.  
The end of pretend.  
The end.  
Maybe it's the end, baby, it's the end.  
Maybe it's the end of pretend.  
The end of pretend.  
This is the end. (x4)  
It's the end of pretend.

End baby, it's  
It's just a kiss with the force of a fist  
And I just wanted your heart to know  
Our love is leaving you pistol whipped  
And our heat kicks your teeth down your throat.

Maybe it's the end, baby, it's the end.  
Maybe it's the end of pretend.  
The end of pretend.  
The end.  
Maybe it's the end, baby, it's the end.  
Maybe it's the end.

This is the end.  
The end of pretend.

End baby (x4)

Maybe it's the end, baby  
The end of pretend.  
End of pretend. (x2)

Maybe it's the end, baby, it's the end.  
Maybe it's the end of pretend.  
The end of pretend.  
Maybe it's the end, baby, it's the end.  
Maybe it's the end, baby.

End baby (x2)
