

Blackfield, 1,000 people

A thousand people yell
They're shouting my name
But I want to die in this moment
I want to die
And a thousand people smile
They're smiling at me
But I want to die in this moment
I want to die
No way to understand
Why I've become the way I am
When the sky is filled with stars
I find a place inside my heart
Some people can take a blow
And they won't ever drop
But I want to die in this moment
I want to die
She will tell me she loves me
That she won't ever stop
But I want to die in this moment
I want to die
The coldness in my soul
And I reach out for her to hold
And then I watch her close her eyes
It's only me that needs to cry
And if I stay with you
Do you believe that I'll pull through?
No way to understand
Why I've become the way I am
When the sky is filled with stars
I find a place inside my heart
And then I watch her close her eyes
It's only me that needs to cry
A thousand people yell
They're shouting my name
But I want to die in this moment
I want to die
