Black paint and ammo, got bodies like Rambo  
Rest in peace, please light up a candle  
This the life of a vandal, masked up and I'm still in CELINE  
Designer crimes or it wouldn't be me, ooh  
Diamonds shining, drive in silence, I don't mind it, I'm riding  
Flying private side by side with the pilot up in the sky  
And I'm wilding, styling on them and there's no chance  
'Cause we got bodies on bodies like this a slow dance

Ja oneul bamiya
