Blackstar, Instrumental

I have had the same old dream always lately And i do not want to dream no more I have had the same recurring dreams lately And what i have dreamt i am not quite sure I am not quite sure

Recurring dreams

All that we see All that we see or seem Is just a dream Just a dream within a dream

I have had the same old dream always lately Day in day out day after day I had the same old dream again today And i do not want to dream again Dream again
