

# Blackstreet, Before I Let You Go

Before I let you go, before I let you go  
Can I get a kiss, goodnight, baby [2x]

Baby

Lately, I've been thinking something's going wrong  
'Cause you got an attitude  
And you're not in the mood like you used to  
Girl, I can feel it when I hold you in my arms  
The feeling is not the same  
Can I be the one to blame?

I don't wanna lose your love, mmm  
I don't wanna say bye-bye, oh no no  
True love is so hard to find  
And it's right between your lips and mine, and mine

Turn the lights down low  
Let's take it nice and slow  
My mission is to keep you mine  
Don't want this to be the last time  
We make sweet love  
Baby, I know you feel it, too  
It's bigger than the both of us  
There's one thing I'm so certain of

It's always the little things, I remember  
And I can't just let it slip away  
Slip away

Teddy, won't you play the music for me  
Teddy, won't you play Backstreet side?  
Baby I get so lonely  
Sometimes, I...  
Baby my heart is broken sometimes  
I need you right now, I don't...  
I can't let you slip away, slip away

I don't see it being a problem  
If I just get one little bitty kiss baby...  
I just can't let you get away, oh yeah...  
Lord, have mercy...  
I don't want lose your sweet love  
So don't say good-bye, say good-night
