Rocky Yo, Baby girl, are u missin me, Cos im still missin u

ΑII

Im just calling to say that im really really missing you girl Still wanna be part of your world I gotta let you know That I cant let go Its kinda lonely baby

Flava

I think I need you more then life itself
But I aint about to put down the mike for a girl
Im feeling your pain
I still just the same
Just one difference
Im flava u still love James

Pick up the phone
Coz I know you wanna speak
Its been a week
I aint a creep
Fulfilled your needs and fantasies
Just like the old times
Remember the old rhymes
On the cold streets we first meet
Seemed so right

Αll

And it don't matter what your friends may say Coz I still think about you everyday And I just wanna get close to you Tell me what I gotta do girl

Im just calling to say that im really really missing you girl Still wanna be part of your world I gotta let you know That I cant let go Its kinda lonely baby

I wanted to say im still thinking about you everyday I wanna see your pretty smile again I gotta let you know Still thinking bout you no I cant let go

Spike-e

Ive got something to say
Times we chilled together held each other slipping away
And now I feel that I cant hold another
Missing each day now theres no one here to run to cover
Missing you babe now I feel I never find another lover
Missing your ways and every day is the same
It rains sitting here lonely feeling rage and pain
But if you come back soon babe
Times don't change
Ill always be here and here ill stay

And it don't matter what your friends may say Coz I still think about you everyday And I just wanna get close to you Tell me what I gotta do girl ΑII

I want to know what I did wrong
All I know is a got to stay strong
I need you I want you I need you to hold
