

# Bleach, All To You

I cant wait to get out of here  
I cant fake through this pain I feel  
Its been too long, that Ive been gone  
Now Im coming back, Im coming back  
So long, its gone  
This burden that I carry

[CHORUS]:

And Ill give it all to You, to You  
And Ill give it all to You, to You, to You, to You

And I'll wade out and the waves are bigger  
I cant sort through all this junk so I surrender  
And Ive gone on, way too long  
Now Ive had enough, Ill give it up to you  
This storm is great, but You are so much greater

[CHORUS]

I cant wait to see you standing there so bright and special  
And all the waves that crashed around my head  
Fall silent at the whisper of your voice

And Ill give it all to You, all to You, all to You...
