

# Blessid Union of Souls, Real Good Friends

You came all this way to see me  
There must be something I should know  
Did you come here just to leave me  
Cause I don't wanna let you go  
I know you need more from me  
Than I can give so now we'll see

If we can get along as real good friends  
There's no need to say goodbye  
We maybe better off as real good friends  
To keep this love alive

Too much time and distance  
Is what we were up against  
And we didn't want to listen  
To the advice of our friends  
They said this can't last too long  
They were right but they were all so wrong

Cause now we're gonna be two real good friends  
Even closer than before  
That's the way I think it should've always been  
But we just wanted more

From the first time that we made eyes  
We knew there was something there  
And if this is the last time  
Then let's pretend we never met  
So we can start again

We could learn how to be real good friends  
Even closer than before  
Cause that's the way we knew it should've always been  
And now we have it all

Ain't it better now that we're real good friends  
Even closer than before  
We'll never have to worry how the story ends  
We'll just keep on wanting more  
We'll never have to worry how the story ends
