

# Blind Myself, Lava

The challenge of organic  
That dares to dare  
Divides and sets free  
Until the newborn brakes and takes  
Forbidden pleasure for  
The same price  
Gets the desired effect  
Leads astray the error and  
When it feels the end may speak right  
Those who once dared  
Will consider again.  
It surrounds us and still don't care like:  
Lava-Argument Flood  
Lava-Refertilize  
Lava-Empowers not  
Lava-to feel enduring  
Answer came from inside this world  
From the ancient past
