Blink-182, Another Girl, Another Planet

I always flirt with death
I could kill, but I don't care about it
I can face your threats
Stand up tall and scream and shout about it

I think I'm on another world with you (with you) I'm on another planet with you (with you)

You always get under my skin I don't find it irritating You always play to win I don't need rehabilitating

I think I'm on another world with you (with you) I'm on another planet with you (with you)

(Another girl, another planet) (Another girl, another planet)

Space travel's in my blood And there ain't nothing I can do about it Long journeys wear me out Oh god you know we won't live without it

I think I'm on another world with you (with you) I'm on another planet with you (with you)

I think I'm on another world with you (with you) I'm on another planet with you (with you)

Another girl is loving you now Another planet, forever holding you down Another planet
